Proposals and Reference Documents for the 214th General Meeting of Shareholders

Proposal 1: Appropriation of surplus

The Company's basic policy regarding profit distribution is to pay steady dividends to shareholders while taking steps to strengthen our financial standing through maintaining management soundness and retaining internal reserves. In line with this premise, we aim for an approximate 30% total payout ratio based on steady dividends as the core return to shareholders, with additional payouts via increased dividends and purchasing of treasury shares after comprehensively assessing the level of equity ratio in the future, the outlook for business performance, and the external business environment. In accordance with this basic policy, and in recognition of the constant support provided by our shareholders, we plan to appropriate surplus as follows.

1. Matters related to year-end dividends

The Ogaki Kyoritsu Bank, Ltd. celebrated the 130th anniversary of its founding on March 9, 2026.

With respect to the year-end dividend for the current fiscal year, as an expression of gratitude to shareholders, the Company intends to implement a commemorative dividend of 10 yen per share to mark the 130th anniversary of the Company's founding. In addition, the regular dividend will be increased by 40 yen per share from the initial forecast of 45 yen per share to 85 yen per share, bringing the total to 95 yen per share. Therefore, the aggregate amount of annual dividend for the fiscal term will be equivalent to 150 yen per share.

(1) Type of dividend property

Cash

(2) Allocation of dividend property and total amount thereof

95 yen per common share of the Company

(Regular dividend: 85 yen per share; commemorative dividend: 10 yen per share)

Total amount of dividends: 3,902,913,785 yen

(3) Effective date of distribution of dividends of surplus

June 24, 2026

2. Matters related to other appropriation of surplus

We plan to strengthen our financial standing in anticipation of robust development and in consideration of the future business environment. To this end, we propose to appropriate surplus as follows.

(1) Item of surplus to be increased and amount thereof

Special reserve fund: 10,000,000,000 yen

(2) Item of surplus to be decreased and amount thereof

Retained earnings brought forward: 10,000,000,000 yen
